You beat the game and rescued Jack Lance...  
or something....

I have no idea.

LDJam timer always runs out before I can figure out how my games should end.

Oh yeah and you were supposed to click on ludophile.exe

I don't know how to make exes but you can click on the words below:

**LUDOPHILE.EXE**

and then pretend there's like confetti or something.

Welp, that's it. Hope you enjoyed.

Bye.
